

# SURREY WASTE LOCAL PLAN QUESTIONNAIRE

Thank you for your interest in the Surrey Waste Local Plan. We would like your views on a number of the issues contained in it. Please read the leaflet and Issues Papers that set out the challenges that lie ahead before completing this questionnaire and returning it in the pre paid envelope by 14 July 2000.

If you are giving your views as a private individual, it is very helpful if you complete the questions 9-11. This will not be used to try to identify you, but is extremely useful when all the results are analysed together.

**Q1. (ISSUE PAPER 1) Government targets have been set for the different means of dealing with waste. These are outlined in Issues Paper 1. In each case, do you think Surrey should do more, aim for the target, or do less?**

	Exceed the target	Same target	Less than target
Q2a. Reduce reliance on landfill to 50% of 1995 levels by 2013	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Q2b. Recycle & compost 33% of household waste by 2015	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Q2c. Recover value from 67% of municipal waste by 2015	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

**Q2. (ISSUE PAPER 1 & 4) European and UK policy seeks to limit the use of landfill for untreated biodegradable waste (primarily household waste) in the future. How do you feel about this as an overall aim for Surrey?**

Strongly in favour  
  Somewhat in favour  
  Somewhat against  
  Strongly against

**Q3. (ISSUE PAPER 3) The Surrey Waste Local Plan should help developers identify the most appropriate sites. Which one of the following options should we use?**

- a list of named sites, accompanied by guidelines on how they should be prioritised
- a list of preferred broad areas at which waste handling might be appropriate?
- a set of criteria which describe the characteristics that make a site suitable for a waste use, but leave developers to identify specific sites for proposed new developments

**Q4. To what extent do you agree or disagree with each of the following statements?**

	Strongly agree	Somewhat agree	Somewhat disagree	Strongly disagree
Q4a (Issue Paper 5) In the future we should resist imports of untreated biodegradable waste from areas outside Surrey	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Q4b (Issue Papers 5 & 6) It is acceptable to import non-polluting materials such as soil, road construction & building wastes to enable closed quarries to be filled and restored quickly	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Q4c (Issue Paper 2) We should limit further waste developments in areas of Surrey that already have this sort of development, especially where it will have a negative impact on the quality of people's lives	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
